

## **Job Description: Business Analyst/Consultant**

### **Position Overview:**

Business Analyst/Consultant (full-time)

Censeo Consulting Group, a fast growing strategy consulting firm, is seeking Business Analysts/Consultants to support our engagements with Fortune 500 companies and large federal government agencies as we advise them on supply chain management and other strategic, senior-level management issues. Previous experience in a sourcing/supply chain discipline, strategy consulting OR financial analysis is preferred but not required.

### **Responsibilities:**

- Support all aspects of client engagements from scope definition to delivery
- Conduct quantitative and qualitative analysis of data
- Conduct interviews with senior-level leadership
- Interpret, evaluate, and interrelate research data for inclusion into client briefings and reports
- Plan and coordinates the development of primary and secondary market research in support of engagements
- Contribute to written and verbal communication in and out of the client, specific to the engagement

### **Requirements:**

- Solid academic background
- 1-5 years experience in a sourcing/supply chain discipline, strategy consulting OR financial analysis (preferred but not required)
- Solid economic, financial, and quantitative problem-solving skills
- Knowledge and appreciation of business concepts
- Strong knowledge of spreadsheet and presentation software
- Ability to create and edit written materials
- Ability to work on projects with demanding deadlines
- Ability to work effectively in a team environment
- Effective communication skills with an ability to share and synthesize knowledge
- BA/BS required
